THE KINDIG NURSERY

ROUTE 5

ELKHART, INDIANA

CALIFORNIA IDOL

**One of the Most Beautiful Yellow
Dahlias Ever Introduced.**

See Page 3 for Complete Description.

THE KINDIG NURSERY

is located one mile east of Elkhart on U. S. Highway 20. The nursery is on the southwest corner at the first four corners after leaving Elkhart.

All nursery stock is shipped prepaid unless otherwise mentioned.

All stock is guaranteed to be true to name and in good growing condition at the time of delivery. Any stock that may seem to be not up to our guarantee must be returned to the nursery *IMMEDIATELY* upon receipt for adjustment. In no case will we be responsible further than that we may replace the stock or refund the purchase price. We make every effort to ship stock at proper planting time and stock must not be allowed to dry out before planting.

In the case of dahlias, it is sometimes impossible to see eyes on some varieties and occasionally some roots are shipped which will not grow. All our dahlias are numbered with indelible ink which will not fade out in the ground. If any dahlias do not come up within reasonable time, dig them up and if they do not show any sprouts, return them to us and we will replace them without charge.

On all orders, please state the date you wish shipment made so as to arrive at the proper time for planting in your area.

Terms: Cash with order. We will ship C.O.D. by express collect if 50 percent of the value of the order is sent with the order.
